The **REFRESH** 1400

The "Gold Standard" for total convenience and cost effective vending, the all new Refresh 1400 is designed to satisfy today's demanding user with a delicious array of hot and cold beverages.

Despite its unrivalled, market leading capacity in excess of 1400 cups, this superbly engineered machine occupies just 0.4 square metres of floor space.

Refresh 1400 presented in Nestle Gold Blend livery

Refresh 1400 presented in optional Kenco livery

DRINK SELECTION

The incredible Refresh 1400 offers a market leading choice of up to 15 primary drink selections (10 in-cup based drinks + 4 syrups and a further drinking water selection). Further taste options of sugar, hot/cold, refrigerated cold and even carbonated water can be made available to enhance user choice, or alternatively the machine can be programmed to automatically prepare and deliver the chosen drink following just the push of one button.

Refresh 1400 partnered with the full size SnackBreak - offering a wide range of hot and cold drinks, together with an extensive choice of snacks, crisps, confectionery, PET bottles and *ice cold* cans. The ideal "pick me up" station.

Refresh 1400 featuring new silver door panels, partnered with the new Iceberg rehydration station - providing the ultimate liquid refreshment centre - including a superb choice of flavoured, still and sparkling Brita filtered, UV purified water.

OTHER FEATURES

Fully automatic cup transfer mechanism collects the chosen drink from the huge capacity storage area and delivers it effortlessly to the illuminated cup station where water is added.

Electronically controlled, self opening and closing cup station door ensures both security and safety whilst a drink is being prepared.

Cold drinks can be served in differing cup sizes and styles - ideal for larger portions and enhanced presentation.

Incredibly user friendly, unrivalled capacity, fully automatic, robust and dependable floor standing machine.

High capacity sugar container fitted as standard (7.5ltr).

Optional syrup based cold drink system together with high capacity cooler or cooler/carbonator combination to satisfy high throughput requirements.

The Refresh 1400 by DarenthMJS is the ultimate solution for convenient and cost effective higher volume drinks management. Offering an extensive menu of up to 15 delicious hot and cold drinks, including totally refreshing carbonated varieties (if required), this feature packed yet exceptionally compact market leading machine takes the "gold medal" every time.

Optional syrup-based delicious cold drinks with still/sparkling selections

Cold drinks can be served in differing size and style of cup to enhance presentation

In-cup system delivers delicious tasting drinks and is incredibly simple to clean and refill

The Refresh 1400 is available in a range of colours, graphics and branding options. Please ask your DarenthMJS authorised dealer for latest details.
